

# Decision Making

— with precision and perspectives

Narit Pidokrajt, PhD

World's best accuracy skydiver Stefan Wiesner hit a dead center eight times in a row (world's record!)

How fast can you go in a curve? What is the limit? It depends on 1) your skills 2) the underlying science! 3) luck?!

Making decision(s) under pressure?

I can share my experience and techniques with you!
